Mr. David E. McFarland

President

As I study your faces in this yearbook, the pictures come alive to me. You are a warm, caring, vibrant and talented group of young people, and I am very proud as you move forward into various places in society as representatives of Kutztown University.

Over the past fourteen years, I have had the good fortune to get to know many of you, whether it be at a lunch in my house, a dinner in the cafeteria, a visit to one of your organizations, a conversation at Bearfest, or an interaction at any one of our hundreds of activities. I truly have felt blessed by my association with you. I will retire from Kutztown University this summer, but I will always remember KU graduates with great warmth and pride. I will hold in my memory a special connection with each of you, my last graduating class.

Clearly this farewell is sad to me because I will miss our regular interaction. At the same time, it is joyful, because you as new alumni have so much ability, and I expect so much of you. Our world will become a better place because of the lives you will lead.

For those faculty and staff who remain at Kutztown University there is much yet to do. I sense excitement from them about investing their time in preparing ongoing students for the challenge of life and

the completion of their studies. As a result, I expect a continuing cycle of marvelous Kutztown University graduates who will be well prepared for the conditions of each new day.

My challenge to each of you is to build upon the base of knowledge and experience which you developed at Kutztown University and then take advantage of every new human and material resource you encounter to continue your life long education. The opportunities are countless and the choices are yours. I believe in you, and I wish you well.

David E. McFarland, President

Mr. Samuel Westmoreland, '66, '71 Alumni President

Dear Fellow Alumni:

Congradulation! You have earned your degree. As you venture forth into the professional world, you do not go alone. There are over 34,000 Kutztown graduates who walk with you. On their behalf I welcome you to the family known as the KU Alumni Association. We are an organization that strives to keep people in touch with one another, and to help one another wherever we live and work. The KU Alumni Association is proud to be the financial underwriter of this yearbook as an expression of our desire to reach out to you, our newest alumni.

As alumni, we have many reasons to be proud of our *alma mater*. One way to show our pride is through active participation in the Alumni Association. Year round activities help to keep you informed about what is happening at KU,

to provide you with an excellent oppurtunity to enjoy the company of KU friends, and to network with other alumni.

I encourage you to remain active in KU happenings. Be sure to read the tower when it arrives in your mailbox. And remember to notify the alumni office if you move, change jobs, receive a promotion, get married, or have children. We want to share your stories with classmates and friends.

As you begin a new chapter in your life, I wish you sucess in all you undertake.

HOMECOMING 2001

A note from the king...

It was an honor for me to win Homecoming King of Kutztown University in 2001. Wow what a rush it was when I heard my name called. I waited in suspense and then it hit me like a Mack truck. I have been involved in almost too many organizations since my freshman year as a means of keeping busy, and now, all of a sudden, there are thousands of people chanting my name. I would have never expected to be this well known in college after only being in the homecoming court in high school. This homecoming definitely meant a lot more to me than that one would have because of how much I love KU. Interacting with many different types of people attributed to my winning. My friends told me that I was sure to win because of how easy I get along with people. I didn't believe them, of course, until it happened. I was flattered at the fact that I represent Kutztown as the 2001 Homecoming King.

Truly,
Carl "Dubee" S. Moore

The homecoming court makes their way on to the field with the help of their escorts.....

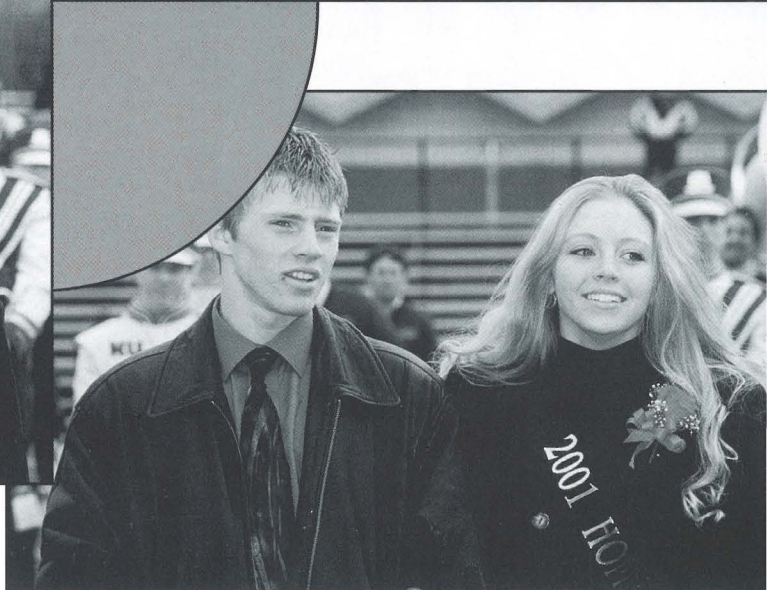

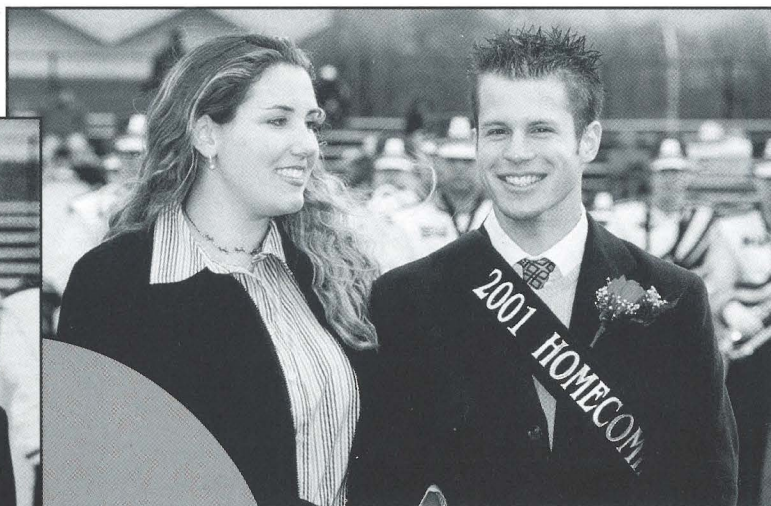

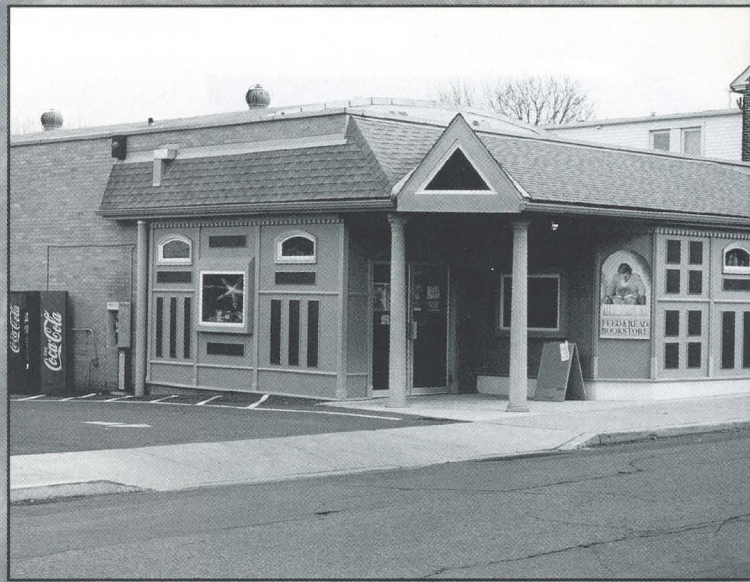

Dubee raises his hand in victory as the crown is placed on top of his head as the new homecoming king.

Everyone who participated got a fifty dollar check from our schools' new bank, PSECU.

MISS KUTZTOWN PAGEANT

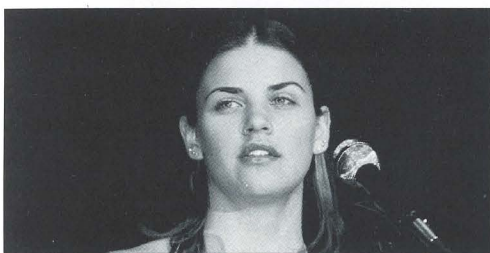

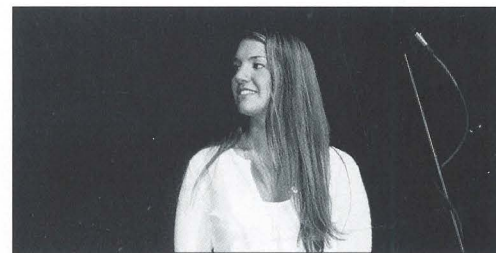

Presented by Lambda Chi Alpha

March 19, 2002

And the winner is.....
Susie Goebeler

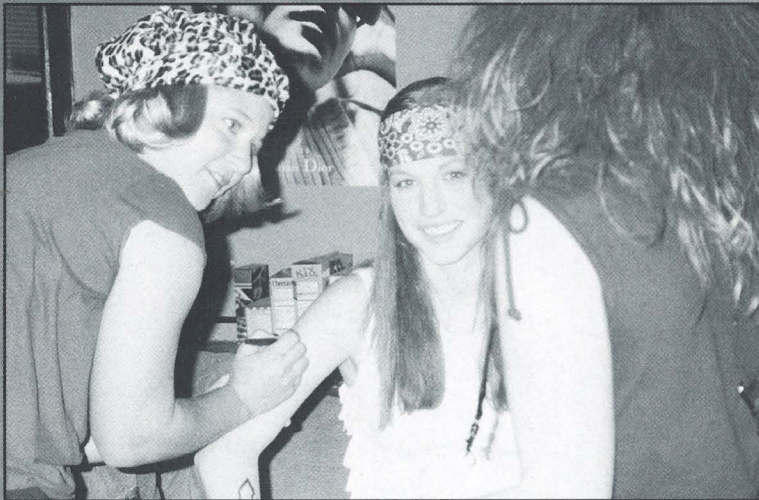

Being crowned Miss Kutztown 2002 was quite an honor. I am very supportive of breast cancer research, and I think it's great that Lambda Chi Alpha does a fund raiser each year for this charity. Because I am involved in many of the performing arts, being onstage was not something new for me. However, I had never entered a pageant before, so this was really exciting. I felt a little nervous before each question, but I just tried to show confidence. The whole experience was definitely a lot of fun, and it was a great way to end my last semester at Kutztown University.

ON The KUTTZ TOWN CAMPUS

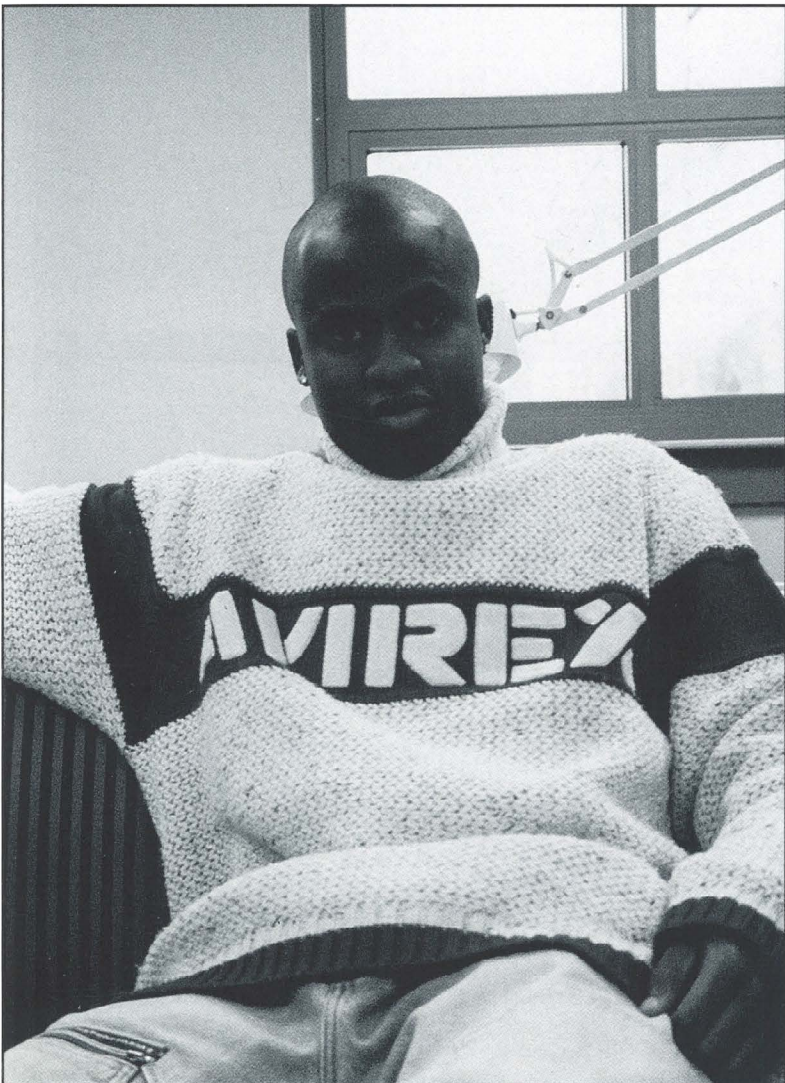

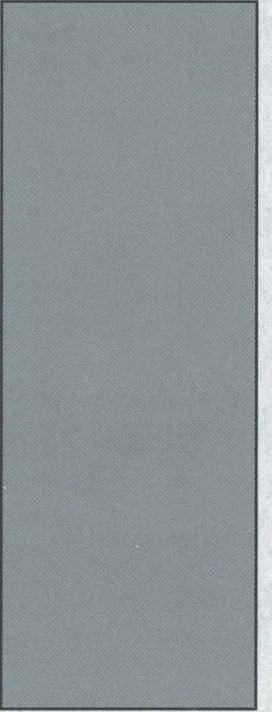

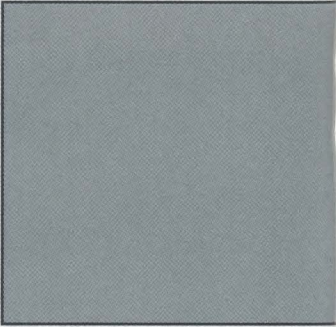

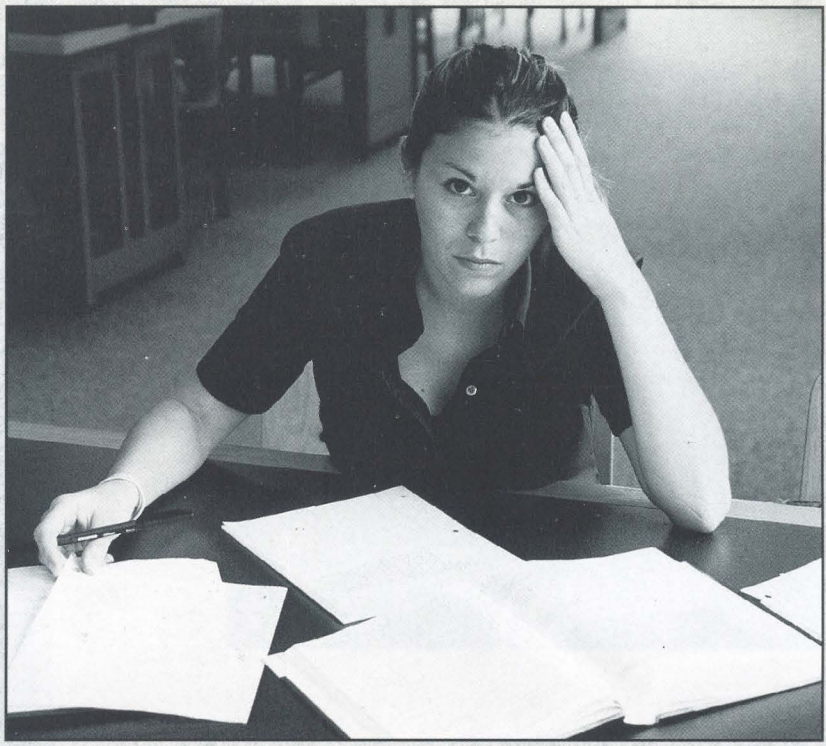

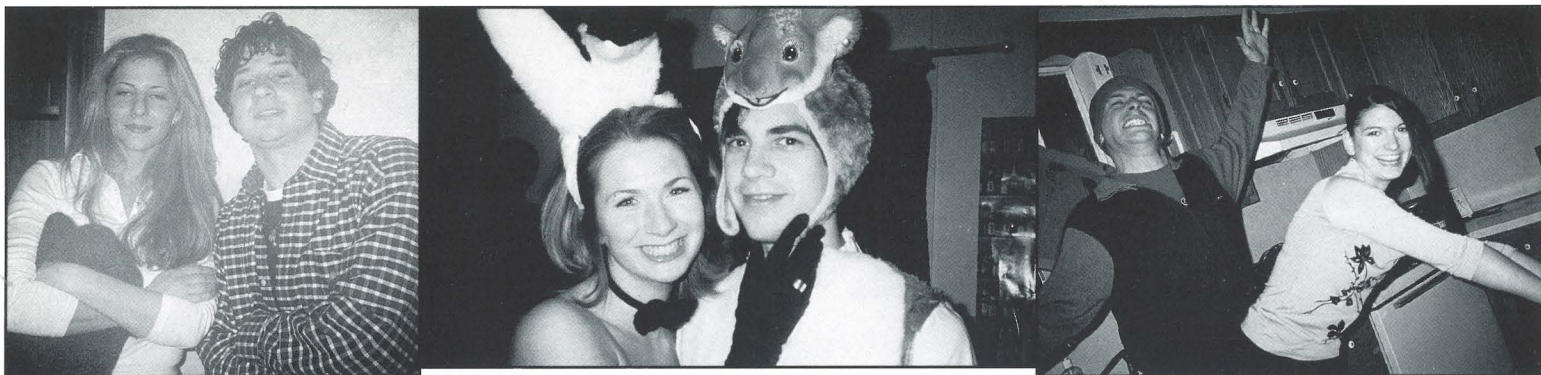

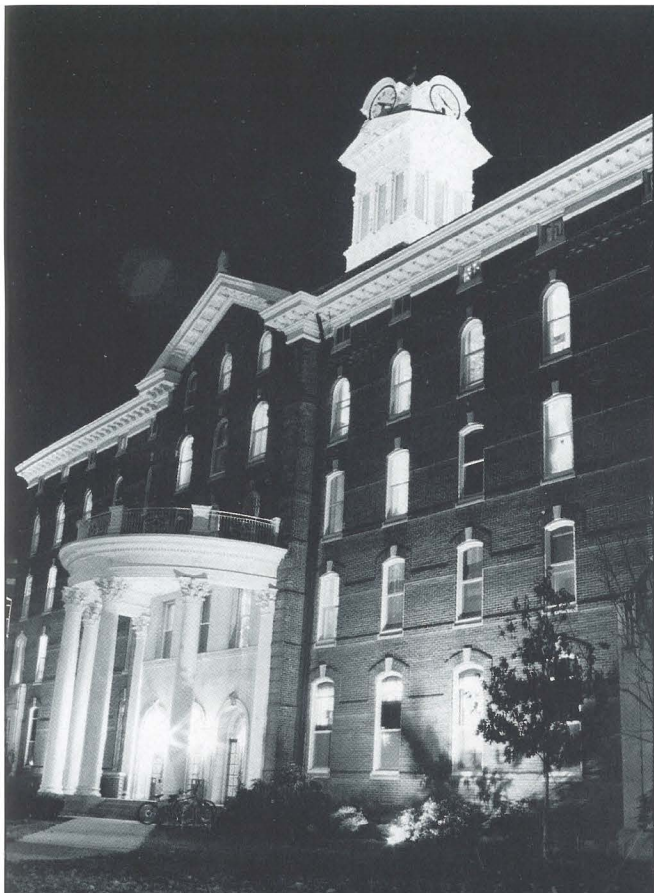

Top 10 Reasons to Know You're in Kutztown

10. The "Safety Bird" in front of Old Main lets you know when it MAY be OK to cross the street.
09. We all want the Halloween Parade back, even though most of us never experienced it.
08. The computers in the labs either eat your disk, or turn your homework into a bunch of SQUARES!
07. Cafeteria serves "chicken fried beef steak" that is really breaded bread.
06. People go to the library and ask "Where are the books?"
05. It's the only place where you take Monday's classes on Tuesday.
04. You never had to buy your own scantron till you came here.
03. You occasionally dodge a horse & buggy; and the crap they leave behind...(clip-clop, clip-clop, poop, clip...).
02. It's 4am on Thursday, you're outside in underpants, celebrating your third fire alarm of the night.
01. Oh how we love the smell of manure in the morning!

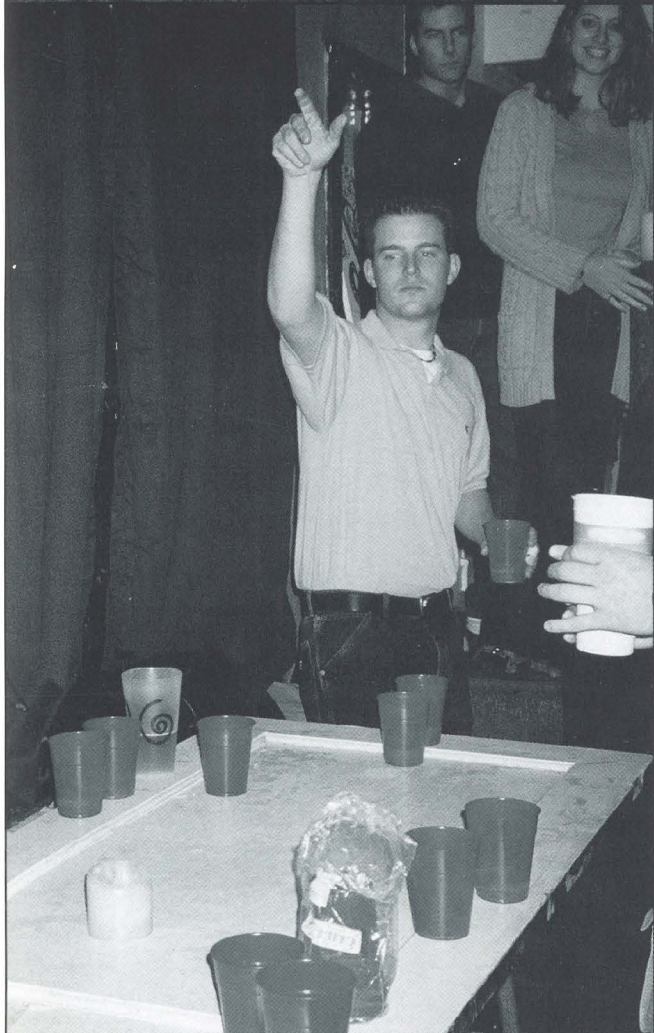

Leaving KU, but not forgetting.

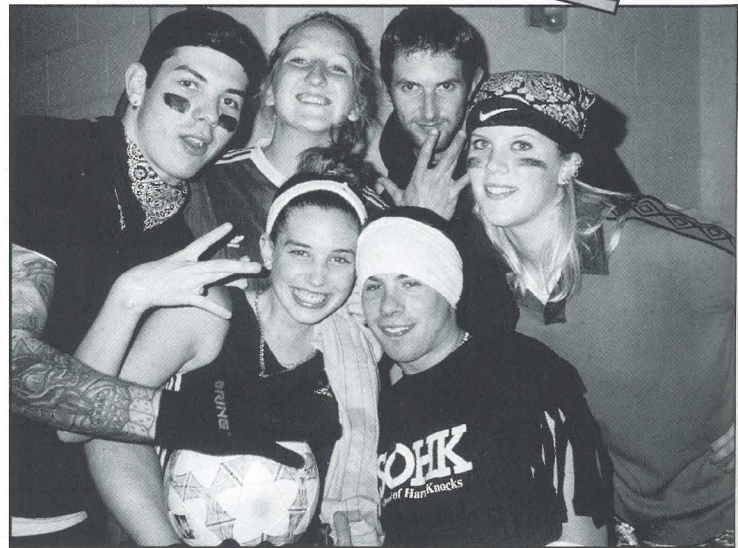

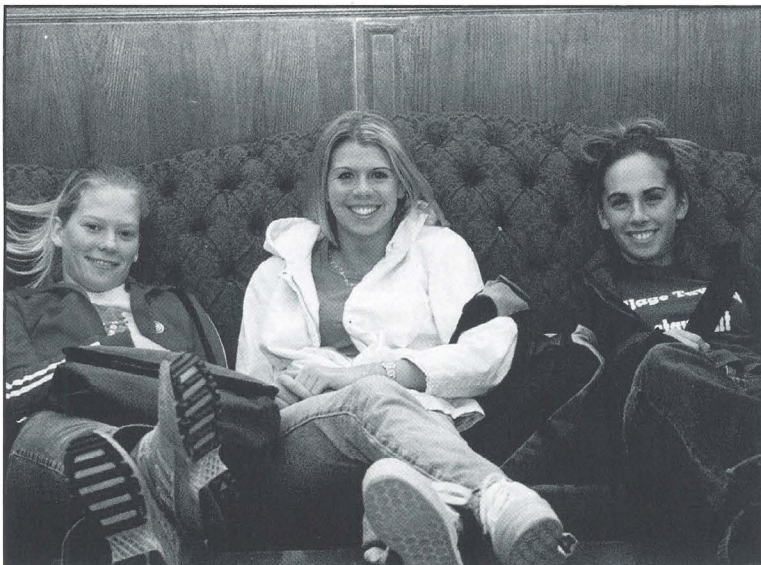

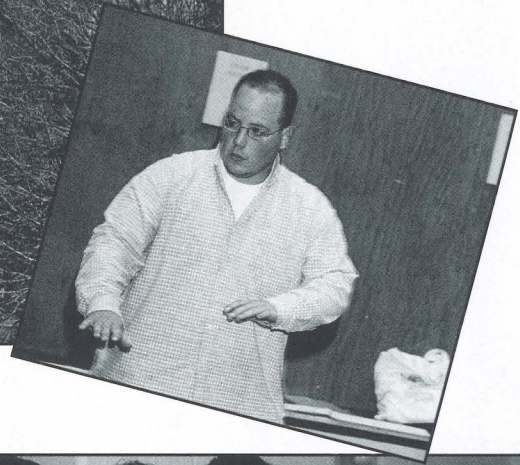

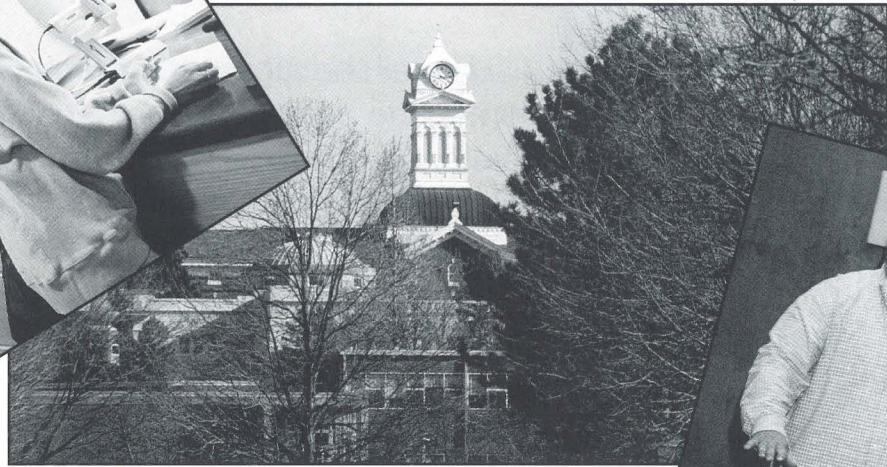

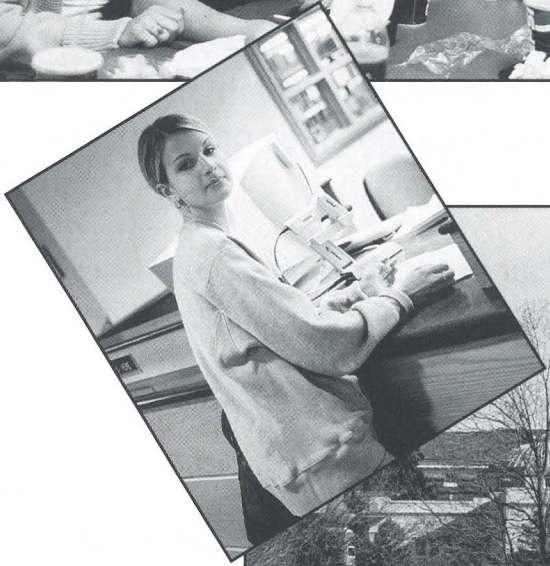

No matter how many times you may have heard “Kutztown sucks,” there’s always the bright side of K-town that can live any day. Its the collegiate memory that lives on for as long as your brain has the ability to remember.

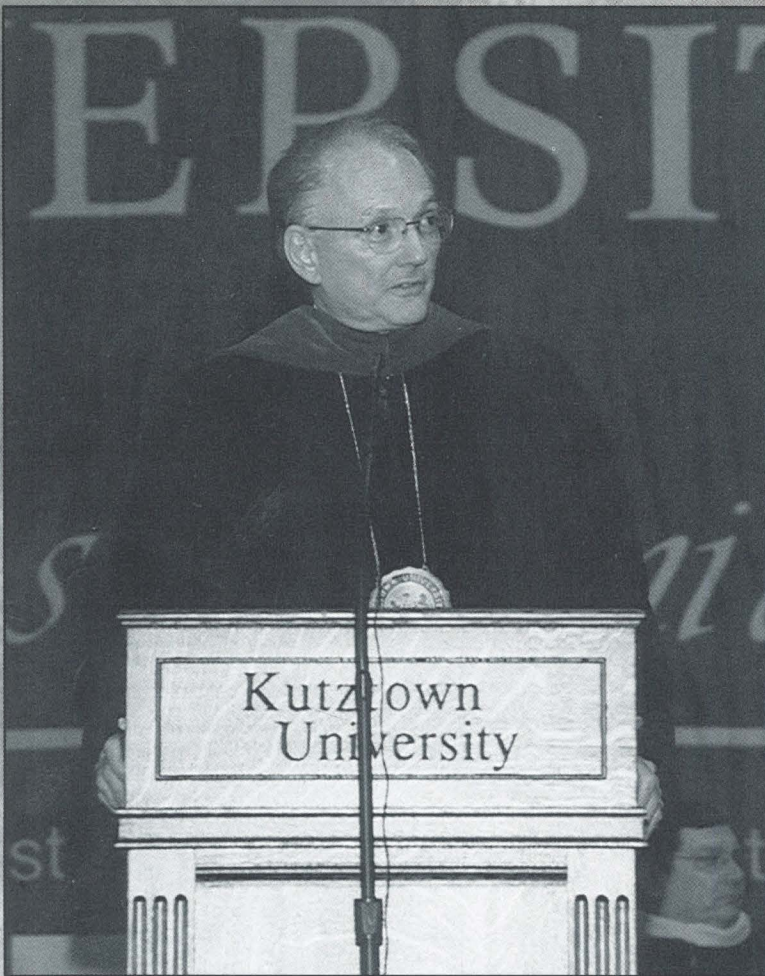

Recall the more memorable times - the dorms, the parties, the campus associations, the cafeteria, the library book you were fined for even though you returned it two months ago, and most of all - your friends.

Think of all the times you spent lounging with your friends, playing video games, pulling pranks, the DMZ during nice weather, turning heads as the Amish trot by while their horses mark their territory, knowing that the SUB has half decent food, eating pizza after parties at any of the locations in town, traveling to Philly or other areas to get away from the smell of KU, and even more important - getting ready to graduate and start a new life which will provide a new chapter of memories for you to ponder once you graduate to the next level.

Graduation marks the beginning of the next level in which you have the opportunity to become a professional. Grasp this opportunity, and never let go of the memories.

Farewell MacFarland, we'll miss you!

After serving a long term as President of Kutztown University of Pennsylvania, it is a great honor to be given the assignment of saying goodbye to one of the most respected people of our community.

Sometimes people wonder why others leave after so many years, only to realize that after being in the same place for so long, that person may feel they have experienced everything they can, and need to move on to another goal, another adventure, another realm of life not yet conquered. We understand this, and, with all due respect, we honor your decision to take a step back and let someone else work the magic as President.

Throughout the years, we have admired your presence, your dignity, your ability to step forward in a time of need and especially your decision making skills which harvest all that unveils in Kutztown.

As you go, please know you are leaving a massive challenge to the upcoming president. We as a class think it will be a tough act to follow, but if anyone follows you as an example, they are sure to succeed.

Thanks for all the wonderful years, and we wish the best in all you do.

9.11.01

It took a disaster for Americans to realize that life is precious, and it is important to appreciate life and make the best of it.

It took a disaster for Americans to realize every petty problem is pathetic, and that human life is fragile.

It took a disaster for Americans to realize our country is not indestructible, and that at any point we may be vulnerable, however we should not have to worry about each other.

It took a disaster for Americans to realize prejudice is not needed since we live in the same country, and regardless of religion, sex, or race - we shall improve and embrace our country - not exploit it.

It took a disaster for Americans to realize an individual can cause an annoyance, but a nation can stand strong, and that nation is us.

September eleventh should have put every small problem in perspective. As we embrace our country and human life, we shall also bless those who perished as a result of 9/11, yet be glad that our country is one who is able to pull together in time of crisis, for life is sacred.

-- Frank Bojazi '03
