### **College of Education**

Dean of the College of Education, Dr. Darrell Garber, introduced the proposals put forth by the College of Education. Changes mandated by the State Board of Education to Chapter 49-2 need to be approved by the University and forwarded to the Pennsylvania State System of Higher Education Office before November 10, 2008. This also includes the programs in Art Education and Music Education. Effective August 31, 2013, all Elementary Education Certifications will be divided into the following categories: Certified in Pre-K – 4, 4 – 8, and 9 – 12. In addition, certification will now identify math and science as the 2 core subjects. Students will now be required to complete 150 observation hours in the field and linked to courses. The effective date for all course and program proposals is Fall 2009. Revisions to the courses or programs mandated after review at the System level will be brought back to UCC in March 2009.

R. Schaeffer stated that all members should have received two supplemental handouts before the meeting. Changes made after the College of Education proposals were photocopied for the UCC are on yellow paper. The current program in Elementary Education is on green paper and needs to be attached to the revision of the Elementary Education program.
