May 2008

1. PCA Career Center

It seems that the details of our job board have been worked out and we need to make it active on the website. We now need to advertise this service both to job seekers and potential employers. We need to identify the best way to promote this service.

Job seekers – graduate programs & agencies

Prospective employers – hospitals & agencies

2. 2008 Conference

After correcting the dates for the conference we were able to verify that Coleen Logan will still be the keynote speaker.

Lee Ann Eschbach has agreed to coordinate a program for the conference focusing on licensure issues. Hopefully this will involve all the Professional Counseling members of the board.

I would like to invite the divisions to identify themes for the conference and propose a sequence of presentations to address that theme which could be promoted to the membership in that division.

It will be helpful if we can have commitments from those who will do this (along with a title) so we can use this to promote the conference

3. Budget. I have prepared a budget for the 08/09 year and am submitting it for approval by the Executive Council

4. Committee Chairs

There are two vacancies for committee chairs (Awards & Ethics/Bylaws) at the present time. I want to thank all the other chairs who have agreed to continue serving in their positions for the upcoming year.

Awards - Jennifer McCaslin has agreed to replace Peggy for the upcoming year. I will be asking for the Executive Council to confirm Jenn in this role.

Ethics & By-laws – I have asked Rebecca Dalgin (based on Lee Ann Eschbach's recommendation) but have not had a response.
