We have several more past presidents in mind to assist our efforts in this program year

The current focus of the PPC is to provide advice and consultation in preparation for PCA's 40th Anniversary, October 2008

Two issues which have been identified in the Call For Programs :

- 1) Developmental Growth Focus or Focus On Pathology a 2 hour Power Session
 - 2) PCA 40 Years of Service-1968 to 2008 Learning Institute (4 hours) an in-depth workshop
- or Round Table (rotating 15 minute segments)

These issues/program suggestions are not cast in concrete and will be subject to the Conference Committee 's input
