3. Chairman Ottinger announced that Dr. Clinton Burket will serve the remainder of Prof. Stauffer's term on the Senate.
4. Chairman Ottinger announced that, if necessary, this meeting will be continued at 4 p. m. on Thursday, May 15, 1975, to complete the business on the agenda.

GENERAL EDUCATION PROGRAM RECOMMENDATIONS (continued from April 17 meeting)

The following motion was on the floor when the April 17 meeting was adjourned:

Amend the first sentence of Item No. 6 of the proposal to:

"Remove sanctions against all nonprofessional Health and Physical Education courses from Category 5 of all General Education programs."

After considerable discussion, the amendment was approved, 15 - 14, by secret ballot.

Dr. Monroe requested that Prof. Ori identify the current courses in Health and Physical Education which, if the proposal is approved, would now be applicable under Category 5 in General Education. Prof. Ori listed these courses:

Chronic and Communicable Disease  
Health Maintenance Through Diet and Exercise  
Scientific Bases of Human Movement  
American Women in Sport

Prof. Ori also indicated that the course First Aid, in its present form, would not be applicable under Category 5 in General Education.

Upon request by Dr. Monroe, these course titles are to be included in these minutes but not as part of the General Education Program Recommendations document.

Dr. Monroe moved, with second by Dr. Webb, to amend the second sentence of Item No. 6 to:

The maximum number of hours which can be taken in Category 5 with any one prefix is limited to 9 semester hours.

The motion failed to carry.

Dr. Harris and Dr. Stickney moved to send Item No. 6 back to the Curriculum Committee for its reconsideration in consultation with the Curriculum Committee of the Faculty Senate. The motion was defeated.

Dr. Monroe and Dr. Dent then moved to cut off debate on the entire proposal (now consisting of Items No. 1 through No. 6). This motion was defeated.

Dr. Harris and Prof. Klucsarits then moved to further amend Item No. 6 by adding a third sentence:

The 9 semester hours are limited to those approved under the General Education program.

This motion carried.

Item No. 6, in its final, revised form is:

Remove sanctions against all nonprofessional Health and Physical Education courses from Category 5 of all General Education programs. Limit to 9 semester hours the maximum number of hours which may be taken with any one prefix. The 9 semester hours are limited to those approved under the General Education program.

Item No. 5 of the proposal was next discussed:

5. Open all art courses to non-art majors if openings are available after those art majors who are required to take the courses have been enrolled.

There was some concern that approval of this item would raise the hopes of non-art majors that they would be admitted to these art courses, when in fact there is little or no room now for non-art majors in most art courses. Dr. Kern indicated that in certain art courses there is no room, but that there is room in others.

Prof. Trollinger and Dr. Stickney moved to cut off debate on the entire proposal. The motion failed to carry.

Prof. Trollinger and Dr. Marsh moved to insert the word "studio" between the words "art" and "courses" in Item No. 5. The motion was approved.

Regarding Item No. 4 of the proposal, Dr. Siekmann moved, with second by Prof. Ori, to delete the words "Liberal Arts and Sciences" from this item and to delete the remainder of the sentence after the first occurrence of the word "courses". The motion carried.

Item No. 4 now reads:

Allow the inclusion in the General Education portion of all programs of 6 semester hours of applied music courses.

Dr. Marsh and Prof. Trollinger then moved to cut off debate on the entire proposal. This motion was approved by the necessary two-thirds vote. The original motion to approve the General Education Program Recommendations, as now amended, was then approved, 24 - 4.

Dr. Warzeski and Prof. Patton then moved that the recommendations be implemented beginning in the Fall, 1975 semester. The motion carried. The revised recommendations are:

1. Change the title of Category 5 in all six General Education programs to read "Additional Electives".
2. Publicize prominently in the Undergraduate Bulletin, preferably near the descriptions of General Education programs, the rationale for and the availability of CLEP (College Level Examination Program) subject examinations.

3. Include material relative to advisement from faculty advisors' handbooks in the Undergraduate Bulletin.
4. Allow the inclusion in the General Education portion of all programs of 6 semester hours of applied music courses.
5. Open all art studio courses to non-art majors if openings are available after those art majors who are required to take the courses have been enrolled.
6. Remove sanctions against all nonprofessional Health and Physical Education courses from Category 5 of all General Education programs. Limit to 9 semester hours the maximum number of hours which may be taken with any one prefix. The 9 semester hours are limited to those approved under the General Education program.

#### APPROVAL OF CANDIDATES FOR DEGREES

Dr. Warzeski and Prof. Dreisbach moved approval of each person in the list of undergraduate degree candidates, contingent upon each candidate's successful completion of all degree requirements. The motion carried.

A similar motion for all degree candidates in the graduate school was made by Dr. Drumm and Dr. Marsh and approved by the Senate.

#### CURRICULUM COMMITTEE BUSINESS

Dr. Goldberg and Prof. Keller moved to untable the course proposal, History 2 : The Image of the City in Film: An Urban History. (Note: The word "Urbane", originally in the course title, had been amended to "Urban" at the April 3 Senate meeting.) The motion carried.

After considerable discussion, the motion to approve the course proposal carried, with Dr. Monroe, Dr. Warzeski, Dr. Stickney and Dr. Drumm abstaining from the vote.

At this point the meeting was recessed by Chairman Ottinger upon motion by Prof. Hinkel and Prof. Felkay, to be continued at 4 p. m. on May 15, 1975.
