PACES Report

October 2007

In August, Drs. MaryBeth Mannarino (Chatham University), Mark Lepore (Chatham University), and John Patrick (California University of Pennsylvania) met to discuss how to proceed with developing an LPC Supervisors List. It was agreed at this meeting that PACES will develop such a list pending approval from PACES members at the next PACES membership meeting. The consensus that developed at this meeting was that PACES would provide contact information such as names of available supervisors, addresses, email addresses, and phone numbers, but would not be responsible for checking if these individuals have the appropriate credentials as outlined by the State Board of Social Workers, Marriage and Family Therapists, and Professional Counselors. *(NOT wanting to get into conflict with #/board).*

Two "Ethics and Supervision" Workshops will be conducted this fall. The first workshop will be on October 24th at California University of Pennsylvania and the second one will be held at Chatham University on November 7th at Chatham University.
