PACES Report
Submitted by
John Patrick, President
October 20, 2006

The first edition of the PACES Newsletter was sent out electronically on October 19, 2006. The newsletter has been attached to this report.

The President's objectives for this year are 1) increase communication; 2) increase membership; and 3) develop and implement post-masters supervision workshops throughout the Commonwealth in 2007. The division meeting at the PCA conference will be devoted solely to this topic. Drs. Eliason and Lepore have agreed to co-chair this important initiative.
